

Dear Donors,

At FutureLink, we believe that exposure to new places, cultures, and opportunities ignites the curiosity and ambition that drive lifelong learning. I still recall how drama classes sparked my passion for theatre, school trips opened my eyes to the world, and structured activities gave me purpose. Today, I witness these transformative moments in our students—moments that shape futures.

I will never forget the joy of a 6th grader tasting a Shirley Temple for the first time, the awe of an 8th grader standing before the Statue of Liberty, or the beaming smiles of students performing in a grand auditorium. These stories remind us why, even in challenging times, every student deserves the chance to explore, engage, and experience.

Our Projects

6th Grade STEAM Magnet – Restaurant Project:

- Over 130 students design a community-focused restaurant concept through hands-on field trips, creative 3D model building, and insights from industry professionals.

8th Grade East Coast Trip:

- Students embark on an unforgettable journey to New York, Boston, and Washington, D.C.—visiting landmarks like the Statue of Liberty and the U.S. Capitol—to deepen their understanding of history and culture. Scholarships ensure every student can participate.

KDL Dance Lab:

- A 6-week intensive dance course for 25 students that removes financial barriers, empowering young dancers to develop their skills, confidence, and passion.

Join us in giving our students the opportunity to explore, engage, and experience. Because when we invest in their dreams, we invest in a better tomorrow.
